Personal declaration letter supporting the Hellenic Gentile's request for the recognition of the Hellenic National Religion and the legal protection of their religious rights.

City:

Country:

Date: / / «2014»

With the following declaration, made of my own free will,

1) (Individuals) I
(Father's name) (Mother's name)

2) (Organizations) The
and its president
as a citizen of who resides in the city
of request the Greek Government and its competent
authorities to urgently ensure that they provide the necessary institutional / legal status and
protection to the Hellenic National Religion and that they attribute to the worshippers of the
Hellenic National Religion all natural and legal rights and obligations as stated in the
Principle of Equal Rights for all Greek Citizens. For many decades the Hellenic National
Religion worshipers have been deprived of their legal right to exercise their religious duties
and have also been deprived of the most basic legal certainty concerning the legal status of
social events (weddings, naming ceremonies, funerals) that are based on their religion.

I believe that any negative response to the above request is contrary to the international
conventions signed by Greece for the protection of the human rights, and it constitutes a
clear discrimination based on religious beliefs for which the Greek State shall be held
responsible.

**This statement is strictly individual, it is made under my attribute as citizen and it does not
in any way constitute a statement of participation in any organization either local or
foreign, unless it is mentioned in the appropriate paragraph in the statement.**
